## **Scarborough is amazing!**

Our community is home to hundreds of thousands of amazing people, from every corner of the world, who do many amazing things. We work hard year after year and support our families, our neighbours, our community and sometimes even the world!

Today, we are all taking a moment to acknowledge nine special individuals who have made outstanding contributions to Scarborough; and we're acknowledging two young Rising Stars who have already distinguished themselves as leaders, leaders who will help our community shine.

To our 2024 Inductees, I want to congratulate you on being unanimously selected to receive a star on the Scarborough Walk of Fame. You are one of a very small group of people who have been honored for bringing pride to Scarborough and for making outstanding contributions in your chosen field of expertise, fields such as: Arts & Culture, Business, Community, Education, Environment, Entertainment, Health & Science, and Sports.

By creating and maintaining a permanent place of honor at Scarborough Town Centre, we hope local residents and visitors alike will be inspired by you and your fellow Stars.

We are proud of you. Thank you!

# Message from our Lead Partner

PARK PROPERTY  
MANAGEMENT INC.

For close to five decades, Park Property Management has been a stalwart provider of affordable, well-maintained purpose-built rental accommodations, seamlessly blending quality and value. Our unwavering commitment to fostering long-term relationships with our residents has been at the heart of our journey.

Currently boasting a diverse portfolio of more than 11,200 apartment suites spread across 91 buildings in Ontario, our imprint in Scarborough is particularly significant. Fifteen of our buildings, totaling 2,146 apartment suites, make up 19% of our extensive portfolio, underlining our deep connection with this vibrant community.

Scarborough holds a special place in the narrative of Park Property Management, being where our journey began and continues to be a pivotal focus. The genesis in 1964 with the acquisition of three buildings - two on Minerva Ave. and one on St. Clair Ave. E. - was a transformative realization of Scarborough's potential. Its proximity to downtown Toronto, expansive geography, and strategic location near employment lands, highways, and transit marked it as an ideal investment locale. This initial foresight has been the driving force behind our steadfast dedication to Scarborough, as evidenced by our strategic investments spanning from Guildwood Village in the south and Finch Ave. E. to the north, extending to the western boundary of Victoria Park Ave., and reaching the easternmost point at Guildwood Pkwy.

As we reflect on the past 50 years, the metamorphosis of Scarborough from a region with a handful of apartment buildings to a bustling community is remarkable. Park Property Management is immensely proud to have played a role in this transformative journey and remains committed to contributing to the city's continued development. Our latest endeavor, which is close to completion is a 303-suite purpose-built rental at the corner of Pharmacy Ave. and Finch Ave. E., exemplifies this commitment. We estimate that our Scarborough apartment buildings currently provide homes to close to 6,000 residents, a testament to the dedication and support of both our residents and the Scarborough community, which is an integral and proud component of our company.

In a gesture of deep-rooted pride for Scarborough, Park Property Management is delighted to announce its support for the Scarborough Walk of Fame as a Celestial partner. This collaborative initiative aims to honor individuals from various walks of life, showcasing their contributions that bring pride to Scarborough and serve as an inspiration to tomorrow's leaders.

As we celebrate 49 years of community building, Park Property Management looks forward to continued growth, partnerships, and making lasting contributions to Scarborough's dynamic landscape.

# Our Rising Stars Program

Always looking for new ways to bring the Scarborough community together, in 2018 the Scarborough Walk of Fame launched its Rising Stars program.

At each induction, individuals 25 years of age and younger will take the stage to be recognized for their growing list of achievements. The quality of our first two groups of candidates has not only exceeded our expectations but has become a source of much pride for the young people of Scarborough.

From young scientists to entertainment talents, to inspirational leaders and more, our community has nominated just a fraction of our outstanding youth for this award.

You too can nominate outstanding Scarborough Rising Stars by going to [www.scarboroughwalkoffame.com](http://www.scarboroughwalkoffame.com).

The bottom line – while Scarborough has an impressive list of 55 individuals celebrated with a star inlaid at the Walk of Fame site at Scarborough Town Centre, our incredibly impressive Rising Stars show us Scarborough's future is in great hands. The stories of this year's four Rising Star recipients follow on the pages.
